The new Cunarder Campanian reached Queenstown at 9 o'clock Friday morning, having broken the eastward record by making the voyage from Sandy Hook in five days, seven hours and forty-two minutes.

Some of the leading Chicago hotels propose an enormous price for eating and sleeping. For three meals and a night's lodging \$20. At this rate there would be only a few visitors to the World's Fair from this section.

The friends of John M. Rose, of Wolf county, are right after him to become a candidate for the Democratic nomination for County Judge. Mr. Rose is a man of good judgment, and would make a good officer.

The Chicago directory of the World's Fair has decided to open the Fair grounds on Sunday. The buildings are to remain closed as directed by Congress. This action will have no effect on next Sunday, May 21. Half the regular price of admission will be charged.

At Warren, Mass., Warren G. Butterworth committed suicide by shooting himself in the mouth. His daughter, Emma, who was trying to prevent her father from taking his life, received the bullet in her brain after it had passed through his head. She lived about an hour.

The New York Central locomotive which, on Tuesday, broke the world's record by going a mile in thirty-five and two-fifths seconds, smashed that record on Wednesday by covering the distance in thirty-two seconds. This is equal to one hundred and twelve and one-half miles an hour.

The new church built by the Anti-och (Christian) congregation of this city, was dedicated Sunday. Elder J. B. Greenwald preached in the morning and Elder B. W. Trimble at the night service. Large congregations greeted both speakers. About \$150 was raised to help pay off the debt of the church.

At first the wasted energy of Niagara Falls is to be utilized. The tunnel completed at the cost of nearly five million dollars has just been completed, and it is proposed to transmit electric power, generated by water passing through the tunnel, to Albany, N. Y., and intermediate cities, and possibly to New York city.

The Capital National Bank, of Indianapolis, and the Columbia National Bank, of Chicago, closed their doors Thursday. Both failures are attributed to the suspension of the Chemical National Bank, of Chicago, last week. The private bank of R. R. Robinson & Co., of Wilmington, Del., also failed Thursday, and was taken in charge by the Sheriff.

A special from Birmingham, Ala., states that a "viator from the spirit world" came to Frank Elmore in a dream and told him the location of a hidden fortune of \$20,000 in silver and \$5,000 in gold. Mr. Elmore followed the spirit's directions and dug up the wealth. More practical proselyting of this kind would soon make spiritualists of us all.

THE PRESIDENT

Gets In Some Good Work.

The Cabinet Doesn't.

General Topics from Washington

President Cleveland has this week been able to devote more of his time to important public matters than in any single week since his inauguration owing to his having stopped the practice of granting personal interviews to applicants for Presidential positions; but it has been just the reverse with members of his cabinet; they have had to devote almost their entire time to them, and unless there is a "let up" they will be compelled to follow the President's example and decline seeing applicants for office. Those who pretend to be shocked at what they are pleased to call the President's innovation have short memories, as he did precisely the same thing in October, 1885. It would be advantageous to applicants for places if members of the cabinet would also refuse to see applicants for then they would have a chance to look over the papers, on file and make recommendations to the President, thus hastening appointments. It is because Republicans know this that they are trying so hard to create a public sentiment in favor of unlimited personal interviews; the longer the heads of the departments are kept away from the papers on file, by callers, the longer the big offices will be filled by Republicans. See?

The Weather Bureau investigation has closed and Gen. Colby is now at work on the testimony, upon which his report will be based. What that report will recommend your correspondent has no means of knowing, but the evidence will certainly justify a general shake-up of the bureau from top to bottom, and it is altogether probable that Secretary Morton will see that it gets it. While nothing absolutely criminal was proven against prominent officials, a state of affairs was shown to exist that calls loudly for a change.

Secretary Herbert has correct and thoroughly Democratic ideas about the relations that should exist between naval officers and the United States Government, as this order that no more leaves of absence be granted naval officers for the purpose of allowing them to enter private employ fully proves. This practice like many other questionable ones, is of Republican origin, and has grown into almost a scandal. Under it naval officers who have acquired special knowledge along certain lines after long study, at government expense, have secured leaves of absence, in some cases for as long as four years, on two-thirds pay, in order that they might sell their special knowledge to the highest bidder among those to whom it would be most valuable—the contractors who do business with the Navy department. Secretary

Herbert says that hereafter when any naval officer desires to accept private employment he must resign his commission before doing so, and every good Democrat will say amen!

So many complaints of one kind and another have been received by Secretary Carlisle about the methods and the administration of the New York custom-house that he has determined to have it thoroughly investigated from top to bottom, and has selected the following gentlemen to do it: Ex-Secretary Fairchild, of New York city, Hon. Daniel Magone, of Ogdenburg, N. Y., and Hon. Polixander Dunn, of Arkansas.

It is significant that upon the very day Judge Lochren, the new Commissioner of Pensions, took personal charge of the Pension Bureau that frauds aggregating something \$100,000 should have been exposed. And still more significant is the fact that all of these frauds obtained pensions through a single attorney—W. R. Drewry, of Norfolk, Va. That hundreds of similar cases will be unearthed is the general belief here. Judge Lochren is of the opinion that the amount paid out for pensions can be largely reduced without depriving any man of what is justly and legally his and without changing the laws, and he proposes to demonstrate the correctness of that opinion.

A number of prominent Democrats, headed by Representative Rymun, of Indiana, are endeavoring to persuade President Cleveland to call the extra session in June, instead of September. The argument of these gentlemen is that September is the most unhealthy month in the year in Washington, malaria being worse than at any other time. They say that if Congress comes together in June the House can perfect its organization and the committee get down to work before the hottest weather of the summer comes and then a recess can be taken to the first of October, escaping the malarial season.

The constitutionality of the Geary Chinese exclusion act is now before the Supreme Court, which heard the arguments this week and will probably announce its decision inside of a week. Solicitor General Aldrich represented the government and Messrs. Joseph Choate, Maxwell Evarts and J. Hanley Ashton the Chinese in the arguments, which were listened to by a crowd of prominent lawyers.

A Narrow Escape.

On last Monday evening the 3rd inst., infant daughter of James Gibson, aged six months, while playing with a silver dollar, got the coin fastened in its throat and over the windpipe; its breathing was shut off. After many futile efforts to relieve the infant, Mrs. Gibson in a state of excitement, passed her fingers down the child's throat, and, reaching the coin drew it out.

The failures in the United States during the past week number 327 against 150 during the corresponding week last year.

FORFEITED HIS BOND.

"We take the following article from the Courier-Journal of Wednesday, Both A. T. Mitchell and R. A. Mitchell are well-known in this section:

Fulton, Ky., May 9.—A. T. Mitchell formerly cashier of the defunct Fulton Bank at this place, and who was indicted for perjury at the last term of the Circuit Court, at Hickman, has forfeited his bond of \$1,000. His case was called up yesterday at the May term of the Circuit Court, in session at Hickman, but he failed to appear. When the directors were compelled to close the doors of the bank Mitchell went to bed and declared that he was ill, but as soon as he could get well enough to walk he would show them that the bank was in a solvent condition.

"The angry depositors thought the law too slow for them, and several talked openly of lynching Mitchell, but he had so completely deceived the majority of the people, who thought that perhaps he might be innocent, that nothing was done to him. So confident were the bank directors of Mitchell's honesty and the solvency of their bank that they drew up and published a paper stating that they would be personally responsible for every deposit placed in the bank.

"After the bank closed its doors Mitchell and his cousin, Dick Mitchell, who is also under bond for his appearance at court to answer to a charge of perjury, proposed to the directors that they would take charge of the bank and pay off the depositors. If the stockholders would agree to surrender their stock, Mitchell now had the stockholders right where he wanted them, for had they not agreed to his terms it would have ruined them who had only about \$600 and a lot of worthless paper on hand to do it with while Mitchell had an overdraft personal account of \$15,000.

"The bank was turned over to Mitchell and his 'Cousin Dick' as he was familiarly called, they agreeing to pay every cent in two years. The time is now up, and very little has been paid, Mitchell would perhaps have pulled through without a scratch, had he only reformed after he broke the bank, but he got into court and swore to so many lies that at the last term of the court he was tried and given one year in the penitentiary for perjury, but his attorney discovered a flaw, and he was granted a new trial and placed under a \$1,000 bond. The Hon. H. A. Tyler, of Nashville, was his bondsman.

Mitchell came here from upper Kentucky a few years ago, and was given the position of cashier of the Fulton Bank. He made friends rapidly, and soon became the most popular man in town. This is not the first bank he has wrecked, having repeated the same thing at North Middletown, Ky."

Mr. R. A. Mitchell has lived in this community all his life. He has been an active business man in our midst for a quarter of a century and is as widely known as any man in the county. His record for honesty and

sterling integrity has never been questioned. Such a charge as is indicated in the above, would be hoisted at by all who know him here. We are not fully acquainted with the circumstances surrounding this matter, but it will be difficult to make the people of this community believe that Dick Mitchell has willfully sworn himself.

Mr. A. T. Mitchell lived at North Middletown for a number of years, where he was Cashier of the bank at that place. Mr. Mitchell left there some years ago. Being a man of business qualifications it was not long till he was made Cashier of the bank at Fulton. It will be noticed that it is A. T. (Toby) Mitchell, and not Dick; whose account was overdrawn \$15,000.

The Local Paper.

Did you ever stop to think what a dreary writer a local paper is? Week after week, reaching into year after year, it goes on telling of the marriages, births, deaths and the couplings and golings of your town, business successes or failure, accidents, crops, improvements, meetings, in farthings of a kind. All is glib the comes to the hopper of a local newspaper. Why, if you were to undertake to write a letter every week to your absent friend and tell half the news that your local paper gives, you would soon give up in despair. The supposed pleasure would become tiresome, and the letters would soon grow shorter, farther apart and finally quit. Why the difference? People in a town recognize this and take pleasure in giving the editor news items you would never learn.

Every citizen of Midway must pay \$2 per year on each dog.

The Board of Review of the National Trotting Association rendered decisions in several important cases yesterday.

George Hamilton and John Portwood, Exile county farmers, fought because Portwood's cattle trespassed on Hamilton's land. Portwood was badly beaten and Hamilton lost an ear in the scrap.

Schweinfurth, the Illinois fraud who calls himself Christ, is on the turf. He owns several fine blooded horses, and one of them has been put in the hands of a well-known trainer to be campaigned during the coming season.

A special from Norfolk, Va., states that the Pension Examiners at work here investigating the unlawful transactions of ex-Pension Agent Drewery will probably remain a month longer, and some startling exposures, involving "higher game than the Norfolk attorney," are promised.

The large wholesale liquor firm of W. H. Thomas & Son, 105 West Main street, Louisville, has decided upon a temporary suspension of payments, and sent out a circular Friday, calling a meeting of the creditors for Thursday, May 18. The general belief is that the assets of the firm are largely in excess of its liabilities, and none of the creditors has shown any disposition to crowd them.

FOR STATE SENATOR.

We are authorized to announce Hon. J. P. Gray, of Clark county, as a candidate for Senator of this district composed of the counties of Clark, Bourbon and Montgomery, subject to the action of the Democratic party.

Col. J. H. Holloway, of Clark county is a candidate for State Senator from the district composed of Bourbon, Clark and Montgomery counties, subject to the action of the Democratic party. Your vote and influence respectfully solicited.

THE CATTLE ORDINANCE.

The city Council at its last meeting passed an ordinance prohibiting the "selling and herding of cattle and other stock on the streets of Mt. Sterling." The ordinance is to take effect on and after the first day of July next. It was necessary that the Council should pass such an ordinance for the protection of the health of our people.

A visit from the Cholera germ is by no means impossible. It therefore behooves those in charge of the affairs of the city to begin to look ahead and make provision for the strictest cleanliness. If it shall become apparent that the ordinance is unwise or work an injustice to any it is very easy for the Council to suspend or rescind it. In the meantime proper preparation can be made for the reception and penning of stock for the convenience of seller and buyer so that all our friends who come here to sell their stock may be decently treated.

We want the trade of our friends who bring their stock to Mt. Sterling and nothing should be done to drive them away. On the other hand self-preservation demands that every precaution be taken against the ravages of a possible epidemic of the Asiatic scourge. No stock seller need stay away from Mt. Sterling on account of this ordinance. Arrangements will be made before it goes into effect to properly accommodate all who come here, and we say to all, both seller and buyer, that the people of Mt. Sterling feel as keen an interest in having them sold as in making our Court day stock sales a success as they ever did and that all necessary provision will be made for their accommodation.

The committee on the part of President Cleveland that he would nominate the Hon. Claude Thomas for a position will lessen the chances of some other aspiring Bluegrass men.

The President has indicated to Senator Lindsay that he had a place for Hon. Claude Thomas, of Bourbon. Mr. Thomas may have no fear. The President has said it and he can depend on his word. The position has not been named.

Governor McKinley, of Ohio, does not see any urgent need for woman suffrage, but the Republican League which met in Louisville last week held it is anything, even though that be an experiment, to overcome such large majorities last November.

The Ohio Woman's Suffrage Convention declares that henceforth "we will devote our entire energies forward obtaining equal suffrage."

The firm of W. H. Thomas & Son, of Louisville, whisky dealers, has suspended payment. Assets exceed liabilities by \$400,000, and the firm will resume business in a short time.

The late Chairman of the Democratic Committee, of Menefee county, James H. Williams, does not like the action of Col. H. P. Thompson, member of the State Committee, in naming a committee for Menefee, any better than do some of those who could not get on the committee in this county. He has called for a meeting of the Democracy at the Court House in Frenchburg, Monday, June 5, to select a committee to suit him and other malcontents. We think this is bad policy. Any direct fighting against the action of the Executive Committee can breed no good. Let us protest all that is necessary, if the action non-Democratic, and smacks of bossism; but the Chairman of the late committee, of Menefee, is only doing what is worse than the action of the State Executive Committee, by making a fight against the powers that be. Such action on the part of Mr. Williams and others can only lead to a contested delegation and thus breed discord in our ranks. In the interest of harmony, we would counsel the Democrats of Menefee to accept the action of the accredited member of the State Committee. While it may be that the appointment of the County Committees for Menefee, Montgomery and other counties of this district by our member of the State Committee, may have been unwise and, if you will, un-Democratic, still the fact exists that it is no new thing. We have submitted to it like before. Let us take our dose and see that when the next State Convention meets its members are better instructed. But do not let us take such action as will be serious cause for regret in future.

The National League of Republican Clubs met in Convention at Louisville last week. It was won by white, a harmonious meeting, only a few side issues now and then showing up a little discord. The G. O. P. is outnumbering around, if happily in the overwhelming struggle it encountered last November, it may find some place on which it may plant itself with the prospect of keeping its feet in the political conflicts of the future. The clubs hunted around for something to endorse but were very chary of giving any sanction to their one time favorite measure, the now dead and buried Force Bill, and negro outrages in the South feared but little better; woman suffrage, however, was given a favorable consideration. Bro. Clarkson made a big speech and all went home feeling awfully blue that the offices are slipping away from them.

Chattanooga Times: The conduct of Judge Christman, in standing off a mob of white-caps at Brookhaven, Miss., the other day, reminds one of Andrew Jackson's repelling the crowd of Kears county, this State, to summon him from the bench to aid in the arrest of an obstreperous individual who had successfully defied the officers and all the posies they had collected. Jackson went for the man, single handed, took him, brought him into the court-house, and was possessed of his case. Judge Christman, summoned himself, so to speak.

A Bath county negro thinks the trifling negroes who refuse to work, get their sustenance by "smothered grub," that is, they get their bread and meat from what cooks steal from the tables and cook-rooms.

John Ewing, colored, suicided on last Friday, at his home in Preston, by taking morphine. Ewing's wife had left him and he brooded over his trouble until he took the fatal dose.

Frank A. Gallagher and W. H. Gars, aged 50 and 30 respectively, and registered from Akatons, Miss., were found in bed unconscious at the Farwell House Chicago. It was the old story of blowing out the gas.

A young couple who attended the races yesterday afternoon found themselves in a very embarrassing predicament. They were just about to enter the grandstands from the rear, when a bottle of whisky dropped from the pocket of a man who was sitting on the railing high above them. The bottle struck the young man's shoulder and was broken. The contents ran over his clothes and spattered on the dress of the young lady. Everywhere they went so much attention was attracted by the order that they left in great embarrassment, not caring to be looked upon as walking distilleries.

Y. M. C. A. CONVENTION.

The Second Sunday in November a Day of Thanksgiving.

Subscriptions to the Amount of \$28,000 Raised for the Extension Fund.

Indianapolis, Ind., May 12.—The International Convention of the Y. M. C. A. to-day recommended the second Sunday in November and the week following as a special season of thanksgiving to God for His marvelous advancement of the work of the Association, and for humble prayer for His continued blessing on definite work for the salvation of young men. It recommended the raising of \$75,000 per year for the continuance of the work, and authorized the extension of the word for young men in foreign lands in connection with the missionaries now working there. It commended the Association exhibit and the Association Congress in connection with the Columbian Exposition, and re-affirmed the action of the Kansas City Convention in relation to the training schools. It emphasized the importance of the extension fund movement, and recommended its more general adoption by the Association. Subscriptions were then called for, and responses were made to the amount of about \$28,000.

In the afternoon meetings of the Convention were held in sections to consider official departments of Association work.

At night an earnest address on Association work among railroad men was made by C. M. Hobbs, of Denver, Purchasing Agent of the Denver and Rio Grande Railroad.

The Commercial Club tendered a reception to the delegates at the Propyleum at the close of the evening session, which was attended by nearly all the delegates. Brief addresses were made by Governor Matthews, the Hon. W. H. H. Miller, Senator Kern and others, which were responded to by Mr. Elliot Moore, of New York; President Bloor and H. Thane Miller, of Cincinnati.

NO REDUCTION.

As a result of the recent meeting of the railroad passenger agents in Cincinnati, the ticket agents of all Eastern connecting lines and the managers and high officials of the roads Friday received official notice of the refusal of the Eastern passenger agreement that is to go into immediately.

The agreement covers rates in all directions in the vast territory east of St. Louis, Chicago, Louisville and Cincinnati.

The form of the agreement follows the original one made by trunk line Presidents last December.

The agreement is, in substance, that the Presidents of all Eastern-bound lines agree not to reduce properly authorized passenger fares by any form of concession whatever, or pay, share or allow for their several lines, the ticket agents of all Eastern-bound lines, the whole or any part of commission for the sale of East-bound tickets.

It is also agreed to discontinue the payment of all commissions to or from and through the territory of the Central Traffic Association. This agreement covers both east-bound and west-bound traffic. Seventy-three lines in Eastern territory have signed this agreement, and are pledged to maintain it strictly.

How to Raise Young Turkeys.

Young turkeys should not be taken from the nest for at least eight or ten hours after hatching. They should lay in the nest under the shelter of the mother's wings at least that long. Have a good, large coop ready for the hen at the expiration of this time, where green, tender grass and sunshine are convenient. The first food should consist of a few bread crumbs.

Do not force the little ones to eat, but when they begin to get up supply them with chopped eggs, shreds of meal and fat, corn, boiled rice, lettuce and the green of onions; melted mutton suet poured over barley or cornmeal, and cut up when cold, also bullock's liver, boiled and minced, if you wish to enlarge variety of food. To prevent cramps, which are common to young turkeys in bad weather, let them have a dry board floor about their coop. Young turkeys may be allowed full range when about the size of a partridge, or before the granules, fleshy excrescences on the head and neck, begin to appear. Nourishing food gathered by themselves is now needed. Caraway seed is a good tonic, added to plenty of boiled potatoes, chopped and meat, at this period.—Farmers' Home Journal.

The failure of the Columbia National Bank of Chicago has extended over a large territory. Friday eight banks in different towns in Indiana closed their doors, also six in Michigan, two in Illinois and two in Ohio. Nearly all were closely related or partly owned by the Columbia National, and in some cases it is believed the bank officers became panic stricken and closed unnecessarily. It is said there are no less than thirty banks that have felt the shock caused by the closing down of the Columbia National; many have already put off their shutters and others will follow.

Much surprise was caused at the Sub Treasury in New York city last week by the reception of \$150,000 in gold specie from Canada.

Gen. John B. Castelman has been appointed a member of the Board of Visitors to the Naval Academy by President Cleveland.

There have been marketed since September 1 of the cotton crop 6,255,647 bales against \$3,450,595 last year and \$3,244,963 the year before.

The corner-stone of the First Presbyterian Church, of Huntington, Ind., was laid with appropriate services on last Wednesday, the 10th inst. This is the church to which Rev. H. L. Nave, formerly pastor of the First Presbyterian Church of this city, was called, is now pastor. Mr. Nave went to Huntington under a sense of duty, feeling that there was a great work there for him to do. He was not mistaken and his friends will rejoice when they learn that his work is now properly in hand and he is progressing rapidly. The church building will be a very handsome one, and the work of its construction will go on to its completion. Mr. Nave's church has grown in numbers and he has reasons for great rejoicing.

Thomas R. Mulliken, who claims to have been a member of the Board of Visitors to the Naval Academy, and whose mother is said to live in Hamilton, O., was convicted in the Criminal Court at Wilmington Del. of conspiring to obtain money under false pretenses and sentenced to three months imprisonment and to receive 20 lashes at the whipping post.

THE ADVOCATE.

Bethel, Bath county, is now an incorporated town.

English Anderson is said to have the finest lot of beef cattle in the county.

Born, on the 6 inst., to Frank Wilson and wife, a son, Charlie Ragan, weight 104 pounds.

Hear ex-Gov. Bob Taylor in "The Fiddle and the Bow," at the Opera House, June 15.

Joe Turley bought of Will Phelps, Ed Clay, and Clay Turner, 155 hogs at 64 cents; average 180 lbs.

See the change in ad of Bean Bros. of Knighthood. They now insure instead by the season.

Joe Foster & Co. have sold the fine model gelding purchased of J. M. Bigstaff to Danville parties for \$650.

The C. & O. company are preparing to put up a large tobacco shed on the north side of their track in this city.

Miss Elma Woolen, a beautiful and attractive young lady of Indianapolis, Ind., was in the city yesterday with her uncle, Mr. S. M. Parcell.

Mr. Fred Senieur has purchased of Mrs. Belle Laughlin her two story brick business property on Mayville street, near the depot, for \$1,600.

Ex-Gov. Bob Taylor's "Fiddle and the Bow" has more fun in it to the sports yard than you ever saw crowded into the same space. Opera House, June 1st.

Joe Turley bought in Bath county of Banks Goodpastor, 40 hogs at 64 cents; of John Johnson, 80 head at 64c; and of Sid Har, 100 head at 64 cents; average 200 lbs.

J. Taylor Day, of Hazel Green, has purchased the Dr. Johnson property in Winchester, and will soon move to that city. Mr. Day is one of the best citizens of Wolfe county, and is a hustling business man.

There is more genuine fun (and at the same time a more of information) in ex-Gov. Bob Taylor's "Fiddle and the Bow" than in any other similar production offered to the public. Opera House, June 1.

J. M. Bigstaff returned from Covington Saturday, where he had been serving on the U. S. Grand Jury. Messrs. Clayton Howell, Joshua Owens and John H. Mason, who are on the petit jury, will not return until the last of this week.

Newton Bright has been appointed Deputy Circuit Clerk, by his brother, Henry H. Bright, Circuit Clerk. This is a good day's work, both for the Clerk and his brother. Newt, is a business man, a worker with a good head on him, and will make an excellent officer.

Col. A. K. Denny, of Lincoln county spent a couple of days in this city with his brother-in-law, J. L. Ellison. Col. Denny is a prominent applicant for Collector of the Eighth Revenue District, and was on his way home from Washington, where he had been to press his claims for the position he seeks.

The ladies of the Missionary Societies of the Christian and Baptist churches, of this city, have secured ex-Gov. Bob Taylor, of Tennessee, to present his illuminable personation "The Fiddle and the Bow," for the entertainment and instruction of our people. He will be at the Opera House, Thursday night, June 1. Gov. Taylor's personation are absolutely unsurpassable, and no one who loves a good laugh can afford to miss the entertainment.

Eight years ago, whilst the Cerro Gordo campaign was on duty in the "Roman war," Mr. Chas. G. Glover a member, caught an accidentally fired bullet in the leg near the knee. In all that time he has carried the missile around with him, causing him more or less trouble till Saturday, when Dr. Jones cut it from the knee. The bullet in its eight years rubbing against the bone had lost 33 grains in weight, as was shown by weighing it alongside of a bullet fired from the same gun.

Max Gering, a well-known citizen of this city, died at his home on Saturday morning at 11 o'clock. Mr. Gering was born in Baden April 24 1836, and came to this country when 13 years of age. He married Elizabeth Spies, and she, with a son and two daughters, survive him.

Another tired pilgrim whose life's journey has ended; patient suffering merged into perfect rest. Not one of his many friends but will feel a pang of regret for the ending of a life so full of self-sacrifice and loving kindness to others. For long months he has been bravely fighting the dread disease, consumption. Always hopeful and cheerful he kept up long after less ambitious men would have succumbed. But within the last few weeks those near him have felt that he was close within the shadows; that the poor, wasted frame could not longer endure so much suffering. On Friday morning at eleven o'clock the patient eyes closed forever on this world and its sorrows, only to begin that perfect, never-ending day beyond, where pain and sorrow are unknown.

It scarce seems real that the busy hands are folded for all time; that he has gone from among us forever. The large concourse of friends present at the services, which were held at his late home, and the beautiful floral offerings, were but faint expressions of the affection cherished in our community for the friend who has left us. The sympathy of all their friends go out to the bereaved family in their hour of sorrow. May God bless them, and comfort them, be the prayer of their sincere friend

Remember the sale of Mr. John W. White's trotting stock today.

Born, to J. B. Marcum and wife, of Jackson, on the 10th inst., a son.

Rev. Jas. Little and Mrs. Isabella Taubee were married on the 5th instant at Daysboro.

The counties of Morgan and Wolfe are concerned as to which should have the first Representative under the new district plan. Some of the leaders propose to "throw heads or tails."

Congressman Stone, of the First District, is a persistent worker. He has succeeded in getting nearly all the post offices in his district filed by Democrats. He will have the few remaining rasicals out shortly.

We are in receipt of an invitation to the reunion of the Alumnus Association, of Millersburg Female College, to be held at the Opera House, Millersburg, Wednesday, May 31, 1893. The programme is as follows:

Invocation.
Ecclesiast.
Miss Nora D. Andrews, of Arkansas.
Miss Lily Letton, of Kentucky.
Poet.
Miss Hortense Letton, of Kentucky.
Banquet at 1 p. m.

Mr. Enoch Broutz and family, who have had rooms with Mrs. Lucy B. Ogg since the fire, will move into their new house this week.

The County Sunday School Convention will be held at Antioch Christian Church, on Friday, June 5. Sessions morning and afternoon, with dinner between. Don't forget the date.

The ladies of the Cumberland Presbyterian church desire to thank those who so liberally helped them in the way of furnishing provisions for their Court-day dinner yesterday. They also desire to thank those who came in and ate at their tables; but most of all do they desire to condole with those who failed to secure a share of the creature comforts, they were prepared to furnish the hungry and thirsty.

Mr. Thomas Calk has been offered \$21,000 cash for his farm, one mile West of this city. It contains 170 acres and is one of the best farms in the county. Mr. A. K. Denny from Lincoln county, and who is a brother-in-law of J. L. Ellison, was trying to engineer the deal. He represents some Eastern capitalists.

The Commencement exercises of Harris Institute will occur Thursday evening, June 25, at the Christian Church.

Mrs. T. P. Martin goes to Cincinnati to-day to buy some late novelties in millinery.

Born, on the 14 inst., to J. H. McClymonds and wife (see Anne Bridgetorth), of Ocala, Fla., a son.

Hon. James P. Gay, of Clark, was in the city yesterday, shaking hands with his friends and pressing his claims for State Senator from our district. He made a very well received speech at the court house in the afternoon, and explained some of the difficulties that have beset the much abused Legislature. He also made a strong point on the score of his experience being a necessary qualification in the next session. Every time he comes to this county he makes friends, and the man who gets more votes than he will, in Montgomery, must be up and doing. Clark has presented untiring courteous gentlemen and the canvas will be conducted on a high plane.

Mr. James E. Voris left Thursday to assume his duties as travelling salesman for the extensive clothing firm of Snyder, Harris & Bassett, of Philadelphia. Mr. Voris is one of the most popular and highly esteemed men that ever grew up in our midst. He is one of those men who win and hold the confidence of all with whom he comes in contact. Mr. Voris' territory lies in Kentucky, and his wide acquaintance among the business men of the State, will put him on his feet at once. The firm will find it was no mistake to secure the services of so good a man. Full of energy and a gentleman always, he will likely be a fixture with the men who have employed him.

Two juries were out Tuesday at the same time both having a case against Newt Phelps, for gaming. They each brought in a verdict finding Phelps exactly the same amount (\$25.)—Owingsville Opinion.

Mrs. W. A. Wilson, of Knoxville, Tenn., formerly of this city, is in New York with her little son, Felix Brent who she has placed him in the hands of a specialist for treatment.

RELIGIOUS.

Rev. G. W. Given, formerly of this city, and at one time Representative of the Southern Baptist Theological Seminary, has returned to Kentucky from Texas and has been employed as canvasser for the Western Recorder the Baptist Organ of Kentucky.

Rev. R. A. Thomson preached to a good congregation at the Baptist church last Sunday morning, in the absence of pastor E. E. Bomar. His sermon is highly commended.

A call meeting of the Baptist congregation will be held in their house of worship Wednesday night, to take steps in regard to calling a pastor. A full attendance of the membership is requested.

Elder H. D. Clark left yesterday to hold a two weeks' meeting with the church at Mt. Carmel, Bourbon county. Elder J. T. Sharard, of that church, will fill Bro. Clark's pulpit here next Lord's Day.

Rev. S. E. Hager, of Breathitt county has been accepted by the Board of Foreign Missions of the M. E. Church South, and Japan will be his field of labor.

There were three additions to the Christian church at the morning service, on Sunday.

To-day at the residence of the bride's father, Hon. J. W. Williams, of Powell, Mr. George W. Rice will be married to Miss Clemmie A. Williams.

Mr. John Hughes Jr., of Bath county, is announced as a candidate for the Legislature from the counties of Bath and Rowan.

Mr. J. W. Fawcett, of Flat Creek, dreamed three nights in succession that she would die June 26, and the night following the dream, her little grandchild announced that he had also dreamed that she would die on the 26 of June. We are glad that dreams are void of special meaning.

PERSONAL MENTION.

Miss Ida Beall has returned from a visit to Greensburg.

Quite a number attended the Damroch concert at Lexington, last week, about thirty in all.

Miss Dee Stephens has returned from an extended visit to Kansas City.

Mr. Galen Arnett, of Kendrick, Madison county, was in the city last week buying goods from our merchants.

Miss Fannie Burton, one of Mt. Sterling's most popular young ladies, is here on a visit to her cousins, Misses Carrie and Maxine Derickson.—Clay City Chronicle.

Judge G. B. Swango, Register of the Land Office, came up from Frankfort Sunday evening and was mixing among his many friends yesterday.

A CARD.

We wish to express our appreciation of the many kind favors extended to us by our friends and neighbors in our bereavement; also to the L. O. O. F. we tender our grateful thanks for the last and interest of respect to our loved one.

MRS. M. GERRING and family.

The Gas Well.

On last Saturday another of the gas wells was shot with the hopes of opening up the vein and increasing the flow of the gas. The pressure remains the same. The wells will be drilled deeper.

Court Day.

There was very little stock on the market yesterday; very cattle; very few good horses, whilst the demand for good ones was considerable; very few mules; small crowd; steady rain and little business.

Judge Cooper insists that when the "work sentence" is attached to the fine, that the jail crew must be made to work.

And it was made to work it would be a saving to the county. A jail crew under Pat Shannon pays for their bread.

An Ordinance

An ordinance to prevent selling and grazing cattle and other stock on streets of Mt. Sterling, Kentucky. By the Mayor and City Council of Mt. Sterling, Ky., 1893.

It shall be unlawful for any person or persons to sell at public auction or herd for sale cattle, horses, sheep or any other live stock on the public streets or alleys, or on the public square of the city of Mt. Sterling, Ky. Any person or persons thus offending shall be fined not less than Five nor more than Twenty Dollars.

R. C. Lloyd, Mayor.
Ben H. Turner, City Clerk.

Misses Cora and Lena Tipton entertained at the residence of their brother, Mr. Lem Tipton, Thursday evening. It was a delightful affair.

The long continued controversy in Decatur, Ill. over the proposition to form a second temple Pythian Slaterhood in Decatur, was settled Thursday by the appearance of Mrs. Hattie Robison, of Dayton, O. Supreme Chief of the United States, who promptly ruled that the temple could be organized, and she proceeded to institute it.

The revenue-cutter, McLane, Capt. Littlefield, commanding, which was telegraphed, by order of the Secretary of the Treasury, to return to Key West, on account of the demonstrations of the Cuban filibusters there, arrived Thursday evening. Boats were lowered and armed, and every preparation made to intercept any boat or vessel entering or leaving the harbor.

CORRESPONDENCE.

CAMARGO.

We have been having plenty of rain in the neighborhood for the past few weeks. But few of our farmers have made any start toward planting their crops. The prospects for a tobacco crop are very unfavorable.

Mr. and Mrs. Pendleton, of Wades Mills, were at home on a visit Sunday.

Miss Mattie Keith, of Steptone who has been visiting relatives in this vicinity, returned home last week.

E. E. Keith is building a tobacco barn for J. T. Ricketts.

H. K. Oldham and Dan Welch sold three fat cows last week for \$2.75 per hundred.

Sam Hardrick, of Stanton, was in our town one day last week.

We have a good Sunday School at our place, with competent Superintendent and teacher. It is in successful operation, and meets at 3 o'clock, p. m.

Our town was well represented at the dedication of Antioch Church Sunday. It was well attended, and everyone seemed to enjoy themselves.

The World's Fair and American Railways.

The Queen & Crescent Route widely known as the road running the "Finest Trains in the South," is in the field to carry everybody from the South to the World's Fair at Chicago. No part of the Southern country is left untraced for by this great railway and its connections. The Through Car System is an admirable exposition of the wonderful capabilities of American railroading. From New Orleans Through Sleeping Car runs daily, morning and evening, carrying its passengers via Cincinnati or Louisville, as they may select.

From Shepport, Vicksburg and Jackson another Through Sleeping Car Line comes to join and become a part of the magnificent Vestibule Through Trains, which passing through Birmingham and the famous Wills Valley of Alabama, is joined at Chattanooga by the train from Jacksonville, Fla., Brunswick, and Atlanta, Ga., over the E. T. V. & Ga. railroad, and proceeds north over the beautiful Cincinnati Southern, through the grandest natural scenery and most attractive historical country in the world, to Oklaide, where another magnificent Pullman car is received, coming from the Richmond & Danville System from Charleston, S. C., through Columbia, S. C., the beautiful French Broad country, and Asheville, N. C. and Knoxville, Tenn.

The time to Chicago is made so as afford the most convenient hours for departures from the principal cities and arrivals in Chicago.

Passengers can purchase tickets good over one line north of the river, and returning via another if they desire a variable route without extra charge. Or they can go via Cincinnati, returning via Louisville, or vice versa.

Round trip tickets on sale at reduced rates. Agents of the Chicago line will on request assist in looking up rooming accommodation for visitors to the Fair.

Everything that an almost perfect system can devise to deserve the praise and patronage of the traveling public has been provided. Any of the agents of the company named below, will cheerfully give all possible information and assistance. R. H. Garrett, New Orleans, La. I. Hardy, Vicksburg, Miss. J. R. The Feminine Chin.

There is something beautiful about the artistic and perfect feminine chin which modern artists rave about not a little. The chin is a fair illustration of the development of the human race. The monkeys and savage tribes of men have very protruding chins which are the accompaniment of strong, powerful jaws and teeth. The latter in the early stage of development were used for protection, but with the development of the race the teeth and jaws became less useful as weapons of defence and attack, and the chin assumed the present normal form. We have to-day several types of chins. The normal chin is one of moderate size, with strong definite curves, and flush with the frontal line of the face. This is the artistic chin of the female. It is one of the most graceful features of the American women, and it is a mark that should be cultivated and admired. The long prominent chin, which many have in a low stage of development, and is generally accompanied by large prominent teeth. We now have dermatologists who promise to change the general appearance of the chin by outside applications, but the truly graceful feminine chin is the result of good birth handed down from several generations.—Yankee Blade.

The salmon syndicate of the Northwest is busied in encouraging the increase of the Pacific coast salmon. Fifty thousand million salmon are turned loose into the rivers of Oregon by the syndicate alone every year, and as the industrious female salmon lays 900 eggs to every pound of her weight the prospect of the fish seems encouraging.

Running and Complacent.
The agent with the word "complacent" in the bosom of W. R. Brown, Viola, Iowa, who he wrote: "The doctors pronounced mine a severe case of blood poisoning caused by kidney disease. Kept my bed two months. They gave me up to die, when I got Dr. Finner's Kidney and Backache Cure. Soon commenced discharging the urine. I got all right, well and sound. It is regarded as a wonderful cure. I was expected to die in 10 or 20 years old. This would be wonderful. I got my money back in a couple of weeks. I am now healthy, strong, and all blood diseases. Restores the blood, cleanses the system, and gives money returned. Take home a bottle to-day."

The Brain of an Ant.

There is an old puzzle question which asks, "What is smaller than the mouth of a mite?" The answer is, "What goes into it."

Although an ant is a tiny creature, yet its brain is even tinier. But, although it is necessarily smaller than the ant's head which contains it, yet it is larger in proportion, according to the ant's size, than the brain of any known creature. This we can easily believe when we read of this insect's wonderful powers. The quality of instinct or sagacity does not fully explain some of the stories told about them. The best writers upon ants, those who have made the astonishing intelligence of these little insects a special study, are obliged to admit that they display reasoning ability, calculation, reflection, and good judgment. Such qualities of brain show a more than ordinary instinct, and we are not surprised to hear that the ant's big brain carries out our idea that he possesses a higher intelligence than is shown by other workers of his size.—Harper's Young People.

"Fertilized farming" is very much the fashion just now among progressive farmers in the eastern states who are working worn soils.

Clover, which is even more readily winter killed than wheat, succeeds best on land naturally dry, or which has been thoroughly underdrained.

One of the regulations of the Columbian exhibition consists in requiring the use of wide tires on the heavy team wagons employed in the grounds.

It is reported that the Todd cotton picking machine, which has been tested near Dallas, does its work in a very satisfactory manner.

One hundred and fifty-five million five hundred and sixty-three thousand pounds is reported as the rice crop of the United States this year.

The Nebraska commissioner of industrial education has collected answers to inquiries concerning the cost per acre of making a crop of corn for every county in that state. The average of all the figures is \$6.44 per acre.

The Prairie Farmer says that celery blight has been successfully combated by spraying with the carbonate of copper and ammonia mixture.

The advocates of nursing as a profession for women have a serious task to meet in the figures of Prof. Schell, who claims that an ordinary woman of 58 is in every way in better physical condition than a hospital nurse of 25. The sacrifice made by a woman entering the profession is virtually half a life, according to his belief.

The late Dr. Agnew, of Philadelphia said that catarrhal affection were almost unknown among the Quakers, whom he attended, and he ascribed it to the fact that the Quaker bonnet protects the back of the head and the nape of the neck from cold air.

Dr. Scheels, the pathological expert in the Buchanan murder trial now in New York, is a newly arrived German, who has fought twenty-six duels in the old country and already wants to arrange for a twenty-seventh with one of the counsel whose manner has seemed to him lacking in courtesy.

There is talk of establishing three or four hundred Russian families on a large tract of land in the southern part of Riverside county, Cal., the plan contemplating the starting of factories and wood-turning establishments. It is expected that \$500,000 will be spent in improvements within four years.

Judge Kelley, of St. Paul, Minn., by a recent decision gives all the advantage of possession to the owner of artificial teeth. He decided that after the set has been inserted in the mouth of the patient and the dentist has parted with the possession thereof that the latter does not have a lien on them. It was claimed in the case in question that the sheriff could take possession of the teeth which were on a gold plate and dispose of them at public sale, but Judge Kelly decides that so long as the teeth are in the defendant's mouth they are a part of his body and cannot be seized as "chattels."

Dr. A. B. Atkinson, of Pittsburgh, has written a letter to "The Pittsburgh Dispatch" in defence of tobacco as a preventative of epidemics. He says: "It has been a noticeable fact that in times of great epidemics those working at tobacco factories have been almost exempt from the diseases. Experiment has now been made which prove that the smoke of tobacco on the micro-germs of dental caries is very beneficial. Recent experiment was made with tobacco smoke upon cholera bacilli, and according to the strength of the nicotine in the cigars were the germs destroyed or made harmless. The same is true of pneumonia. All of the germs experimented with were cultivated on gelatine substances, but in the human system there would be some difference."

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without hesitating. It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In its Mothers have something which is absolutely safe and practically perfect as a child's medicine.

Castoria destroys Worms.
Castoria allays Feverishness.
Castoria prevents vomiting Stomach.
Castoria cures Diarrhoea and Wind Colic.
Castoria relieves Teething Troubles.
Castoria cures Constipation and Flatulency.

Castoria neutralizes the effects of carbonic acid gas or poisonous air.
Castoria does not contain morphine, opium, or other narcotic property.
Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep.

Castoria is put up in one-ounce bottles only. It is not sold in bulk.
Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."
See that you get C-A-S-T-O-R-I-A.

THE ADVOCATE.

Y. M. C. A. CONFERENCE.

The twenty-third annual Conference of General Secretaries of the United States and Canada, met in Louisville last week. About four hundred Secretaries from all parts of the country were in attendance. The object of these annual meetings is not to come together for a hospitable to attend, but for social intercourse for the study of best methods in the work, to learn the cause, failure and success, and the study of God's Word. The inspiring words of Dr. Broadus John H. Elliott, on Bible study, were alone worth the trip to the Conference.

Year by year one who attends the Conference and keeps up with the work is inspired with the steady and firm growth of the Association, not only at home, but in foreign countries. The number of Associations, as far as ascertained to April, 1892, is 4,651, of this number 1,435 are in the United States.

The growth of the work among railroad men is phenomenal, even right at our door there are two railroad Y. M. C. A. buildings erected and cared for by the C. & O. Railroad. Railroad Presidents recognize the importance of throwing around their men influence, and are spending \$100,000 annually for this good work. Chauncey De Pew says: "It has done more to save the lives of passengers and preserve the property of railroads, than all the patent devices and air brakes ever invented."

Another important department of the work is that done in colleges. The good done there was spoken of by Mr. L. W. Wishard, who is College Secretary of the International Committee. During the past four years, Mr. Wishard has visited thirty-three countries and found the Association firmly planted in twenty-eight of them.

The work is also spreading rapidly among the colored men in the South. The Association for colored men at Louisville is approved and indorsed by the business men and clergy.

The Y. M. C. A. work is supervised by the International Committee, whose headquarters are in New York. The men at the helm are men of learning and of many years experience in the work. The State work is supervised by some of the best men in the State. The local work by the best Christians, the church can give.

NUMBER OF MEN IN THE WORK.

The number of men employed in the Associations as Secretaries and Assistants, is 1,140. The demand for all-around men is increasing every year. There are two schools for the training of men, one at Springfield, Mass., the other at Chicago. Three years is the time required to complete the course of study. The Conference adjourned Monday night after an urgent invitation to meet at Cedar Rapids, Iowa.

LAND, STOCK AND CROP

Wm. Moreland sold to J. S. Owens 10 two-year-old cattle at 4½¢; to J. F. Owens 200 weanling 3,250 lbs. at \$4.20 and a lot of milk cows at \$30. He bought of H. M. Johnson 100 ewes at \$3.50.—Interior Journal.

The average condition of the winter wheat crop for all the States, according to the returns of the Department of Agriculture, is 75.3, against the average of 84 in May last year. The highest average is in the South, and the lowest in the principal wheat producing States of the North and West.

Never were such preparations made in Kentucky for any crop as are now being made for tobacco. Blue grass pastures that never felt the scorching influence of the plowshare are being broken up, front lawns and cow lots are sharing the same fate, and the noxious tobacco worms will have a feast of fat things they never had before for every man, woman and child in the State will not suffice to keep these destructive insects from preying on the crop which the greed of Kentuckians is preparing for them.—Lexington Gazette.

The Harrodsburg Democrat says Welsh bought 425 head of "top cattle" from Embury & Bowen at \$4.65. They averaged 1,250 pounds.

F. P. James sold to Mr. Carothers of Lexington, 50 mules at \$90 per head.

The Winchester Democrat informs the people of that city that their taxes will have to be increased.

HORSE AND TRACK.

They predict that Alcantara will add 40 to the 2,300 list this year.

Rossald Wilkes, 2:14½, has been bred to Regal Wilkes, 2:11½.

Eventide dam of Kremlin, 2:07½, has a filly at foot by Expedition 2:19½.

Axtell, 2:12, will be placed in training in June.

The Czar of Russia has requested accommodations at the World's Fair for 40 horses from the Imperial Stables.

Andy McDowell expresses the opinion that Directum can beat any stallion in the country.

H. S. Shultz, Lexington, Ky., has sold to John Dobson, Philadelphia, Pa., the brown gelding New York Central, 2:13½, by Simmons, dam Cassamine by Mambrino Boy, for \$4,000.

A California paper says that Avenia, a three-year-old daughter of Palo Alto, 2:09½, has already stepped a quarter in 31 seconds in her work this year.

Lon, the dam of Axtell, 2:12, and Axtell, her daughter, will both be bred to Alington, 2:09½, this year.

The three-year-old filly, Elsie Wilkes, by Thora Wilkes, trotted a quarter in 34½ seconds at Lexington, Ky., recently.

Bob Stewart was arrived in Terre Haute with Walter E., 2:11½, White Stocking, 2:16; Grant's Abdullah, 2:10½; Slasher, 2:18½; Aunt Deillac, 2:27; and Scott Ashland, 2:25½.

Pactolus, 2:12½, was one of the three entries to the Terre Haute free-for-all station race, and the only in that advertised for Independence, Iowa.—World.

Martha Wilkes will make her first public appearance this year at the kite-track at White River Junction, Vt., where she will trot an exhibition mile June 23.

Mary Mays by Mambrino Patchen has foaled a chestnut colt by Red Wilkes. The youngster is a brother to the sensational Ralph Wilkes, 2:18. He has the same coat and markings of his great brother, that sold as a two-year-old for \$30,000.

Breeders must bear in mind that it is not good stock, well kept, with assured pedigrees, that bring the money at the sales. Top prices are only paid for the top stock. If you want fancy prices you must see that your stock is in fancy condition. The only way to get the best is to breed good mares to good horses. One man can raise valuable horses as well another. There is no patent or copyright upon raising stock of any kind. The trouble is that too many breeders are too economical in selecting stallions to breed their mares to. They let the penny before the eye hide the dollar in the distance.

Don't breed to a horse because the service fee is low, nor because it is high, says an exchange. If you have in your neighborhood a stallion that has been bred in a certain line for several generations and one that has been bred a less number of times in the same line, breed to the one that has been bred until the characteristics of the breed are so thoroughly imbued as to enable him to universally transmit them to his progeny. A horse need be in a neighborhood but one year until you can tell his breeding by his colts. If the colts show they are from the same sire and are good, then patronize the horse, but if they are of all colors and kinds, then shun him, for he is too dear at any price.—Trotter.

Dave Morgan Hurt.

A special from Gallipolis, O., says: "David F. Morgan, of Cincinnati, fell from a passenger coach at the Hocking Valley depot, Thursday evening, and was severely bruised about the head and body."

Shot in the Leg.

Dave Green, colored, of Smithville, a suburb of this city was shot in the leg, on Sunday night, by some parties as yet unknown. Dave's version of the affair is that he was walking toward home, and when near the Owingsville pike, a shot was fired to which he paid no attention, but a moment later a second one sent a ball into his leg, when he fell and made an outcry. He saw several parties, to him unknown, run off. He managed to drag himself to his home not very far, where he found the hurt not very serious, only a flesh wound. The darkies seem reluctant to talk.

W. O. Mize, Enrolling Clerk of the Senate, was in the city yesterday.

At Owingsville on the 9th instant, Herman Hamilton, colored, twelve years old, and Eli Campbell, white, aged 15 years, became involved in a difficulty. The negro stabbed the white boy in the side, inflicting a serious wound.

One thousand women of Owensboro have pledged themselves to fight against the saloons. This is one of the results of the Sam Jones meeting.

KIND OF

* CRITICISM. *

Some men think that ready-to-wear clothing cannot be as well and carefully made as suits that are made to order. That may be true in some cases—probably many. But it is well to remember that a house with a reputation is jealous of it, and cannot afford to turn out goods that won't STAND EVERY KIND OF CRITICISM. Our ready-to-wear clothing is equal to custom work. The material of every garment we sell is chosen by ourselves, and made for our special trade. When WE are satisfied YOU will surely be. Not the least satisfactory thing will be the price.

\$10 SUITS

Are the marvel of the community. Made in the latest fashion, of fine excellent, fit perfect and finished in the best style, a combination rarely found in much higher priced suits.

SAMUEL FRANKS,

The BOSTON Shoe and Clothing House,

MT. STERLING, KY.

Thomas Litch, Sam Young and Moss Morrow had an examining trial at Somerset, charged with the killing of Gilroy New, and were held over on a bond of \$3000 each. It is charged that they paid \$180 to kill New.

John Hurst, of Lexington, a grocer, was shot Friday night by some unknown party. Hurst was formerly from Jackson county, and while there killed a man by the name of Reider, and it is supposed the would-be assassin is Reider's brother, who had sworn that Hurst's life should be forfeited for his brother's.
